

“Harsh Reality: Current Challenges For Historic Heritage in NZ”

Historic Places Aotearoa

ICOMOS NZ

Joint Conference 2022 11th-13th November

Auckland Tamaki Makaurau

**Welcome to the 2022 Joint Conference of
Historic Places Aotearoa and ICOMOS NZ**

The attached programme for a second joint conference for Historic Places Aotearoa and ICOMOS NZ, aims to consolidate the success of the inaugural joint conference held in Gisborne 2019. This conference will be formally hosted by HPA member *Historic Places Auckland Tamaki Makaurau*.

The theme for this year's conference addresses the current challenges for historic heritage in New Zealand, posed by significant changes in planning legislation, the consequences of intervention in achieving seismic resilience, and overcoming neglect through maintenance good practice, use, and re-use of built heritage. Each invoke challenges to the preservation and contribution of buildings, character neighbourhoods, and sites of historic importance to the country's cultural heritage.
